

HEAVY-DUTY ROLLER DOOR OPENERS

Independent Roller Door Services (IRDS) supplies the latest gate and door technology for secure, reliable and long-lasting performance.

Whether you're doing a renovation or a new building, here's why you should be using an industry-leading product:

- Easy to use
- The most secure on the market
- Have a huge 7-year warranty on some models
- Are industry leaders in groundbreaking technology with more innovations being developed every day.

Rest assured, if you're dealing with IRDS we will be supplying quality products for your next project.

TORO® GDO-10

The Toro® offers sophisticated commercial roller door opening technology and superior pulling power. With a built-in Battery Back-Up and a wall-mounted control panel, you can program a variety of operating modes for your security and safety.
