

SURVEILLANCE CAMERAS

Pan/Tilt/Zoom Camera

Indoor Camera

Outdoor Camera

Features

- Three camera options to choose from for different application
- Mains powered - no need to worry about batteries going flat when you're away, or having to climb a ladder to replace batteries
- Instant alerts to your phone via the B&D App when a visitor triggers the camera
- Easy-to-install DIY (required power to be available)
- Record what a visitor does when entering your premises
- Motion detection to trigger the camera (auto-record with optional micro SD card)
- Connect up to 6 cameras to a single B&D Smart Opener
- Clear, high-quality video resolution
- Intelligent alerts, straight to your phone about motion and sound changes
- External card slot that supports up to 128GB Micro-SD card for local storage
- Wide diagonal view to provide greater visibility without image distortion
- Clear night vision
- Two-way audio for real-time communication (not available for the Outdoor Camera)
- 2.4HGz Wifi network support for ease of setup
- 1-year warranty

With B&D's fully integrated Secure Access Solution, you can monitor and manage access to your home, regardless of whether you are there or not.

B&D Cameras send alerts straight to your B&D Smartphone app when someone is outside your garage. From wherever you are in the world, you can view and allow access to your home from your phone.
